

Number Line Madness

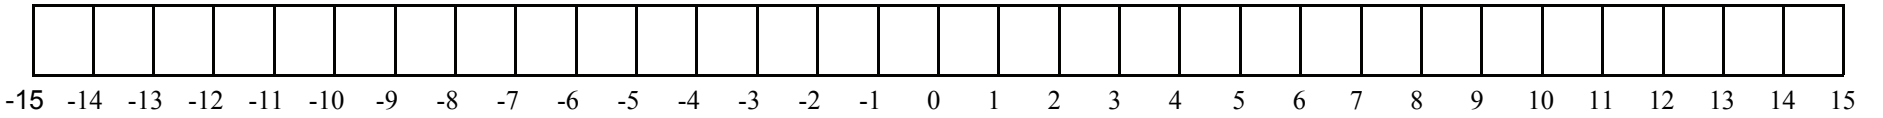

DIRECTIONS:

- Each player puts a paper clip on 0.
- Place a transparent spinner on the game spinner.
- Player A spins the spinner, adds that number to 0 and places the paper clip on that answer.
- Player B spins the spinner and moves as above.
- Player A spins the spinner, adds the number to where his/her paper clip is, then moves the paper clip to the new answer.
- Player B does the same.
- The game continues until one of the players reaches or passes +15 or -15 on the number line.
- The first player to reach or pass +15 or -15 wins the game.
