The image shows a large triangle divided into 10 squares, arranged in four rows: 1 square at the top, 2 squares in the second row, 3 squares in the third row, and 4 squares in the bottom row. A small trophy is placed on top of the single square. To the right of the triangle is a circular illustration of a person with a large head, wearing a black shirt and a white tie, holding two dice. The background of the illustration is green and yellow.

MATERIALS:

- Triangle Tower game mat in sheet protector for each player (or laminated)
- Dry-erase marker for each player
- 10 markers for each player (linking cubes, 2-color counters, bingo chips, etc.)
- 2 regular dice (Triangle Tower); 1 reg. die and 1 reg. die marked 7-12 (Triangle Tower 2); 2 dice each marked 7-12 (Triangle Tower 3)

GAME PREPARATION:

- Each player chooses 10 different products from the Products Table.
- Player writes one product in each of the ten squares of the Triangle Tower.
- Each player tosses the two dice and calculates the product of the dice. The player with the highest product goes first.

GAME PLAY:

- The first player tosses the two dice and calculates the product. If the product is written in a tower square on the player's game mat, he/she places a marker on that square. If the product is not written on the tower, or the product is already covered with a marker, the player does nothing.
- Play continues alternating between first and second player.
- The first player to cover all squares on his/her Triangle Tower wins the game.

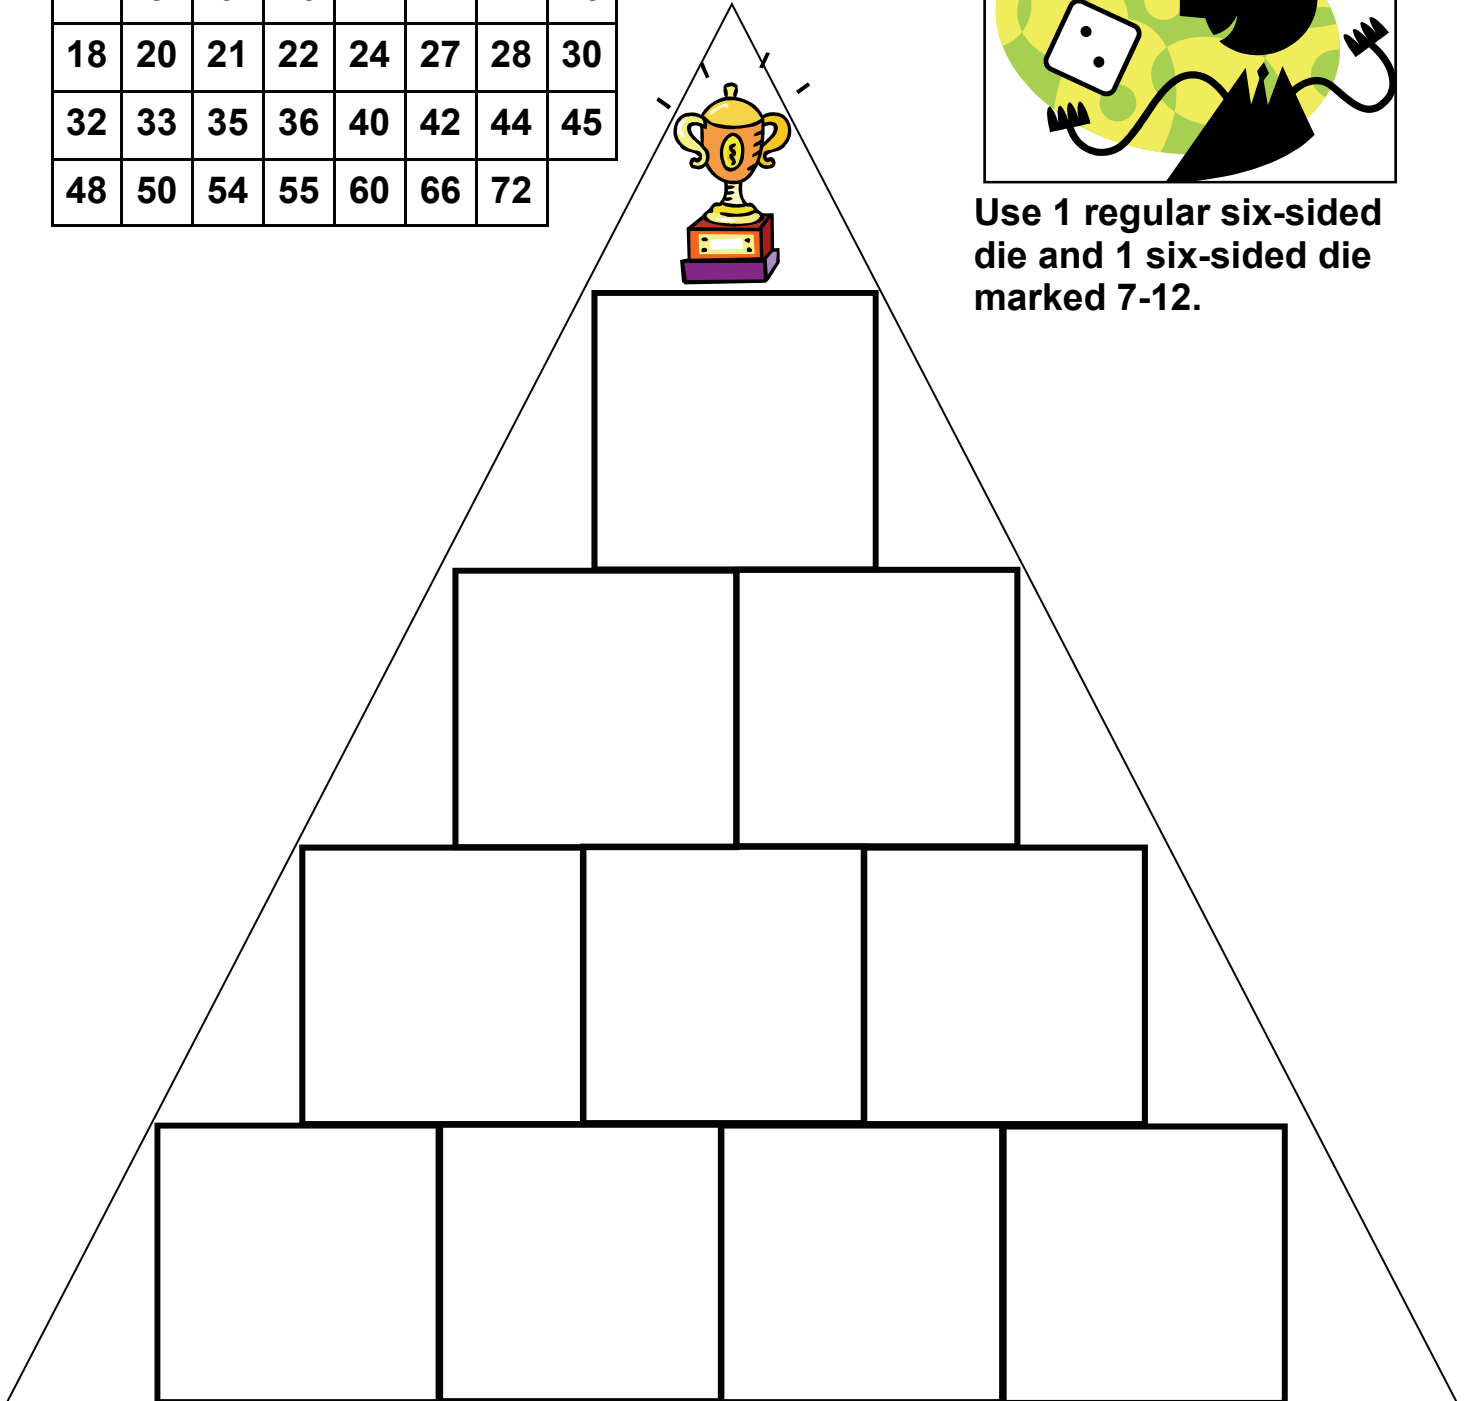

Triangle Tower 2

Choose 10 Products:

7	8	9	10	11	12	14	16
18	20	21	22	24	27	28	30
32	33	35	36	40	42	44	45
48	50	54	55	60	66	72	

Use 1 regular six-sided die and 1 six-sided die marked 7-12.

Triangle Tower 3

Choose 10 Products:

49	56	63	64	70	72	77
80	81	84	88	90	96	99
100	108	110	120	121	132	144

Use 2 six-sided dice marked 7-12 on each die.
