Thanksgiving
Probability

DIRECTIONS: The letters of Thanksgiving are written on cards and placed in a bag. Ben reaches into the bag and pulls out a letter.

What is the probability that the letter is **T** ?

What is the probability that the letter is **n** ?

What letter(s) is Ben most likely to pull from the bag? Explain.

What letter(s) is Ben least likely to pull from the bag? Explain.

CHALLENGE: If the letters of **Turkey** were written on cards and placed in another bag, would Ben be more likely to pull a **T** from the **Thanksgiving** bag or the **Turkey** bag? Explain.
