Eyes		
Nose		
Mouth		

Name: _____

Jack-o-Lantern Combinations

DIRECTIONS: Each jack-o-lantern must have eyes, nose and mouth.

- How many different jack-o-lanterns can be made using the following choices?
- Use words, pictures or numbers to explain your answer.

Eyes		
Nose		
Mouth		

ANSWER: There are 2 choices for eyes, 2 choices for nose and 2 choices for a mouth so there are $2 \times 2 \times 2 = 8$ different possible jack-o-lantern combinations.
